Carvin' Jack Collection™

NEW!

Spoon Carvin' Jack®

Flexcut's **Spoon Carvin' Jack®** makes it easy and convenient to handcraft spoons from every kind of wood stock. It has both a shallow and a deep hook knife, designed to form the hollows of spoons and bowls. It also features a straight blade for shaping and carving fine details into the design.

Like all of the knives in our Carvin' Jack series, our Spoon Carvin' Jack fits neatly in your pocket, so you can carve wherever you go. The handle is made of rugged aerospace aluminum with an ergonomic design that contours to fit the palm of your hand. There is also deep crosshatching, on the handle to keep the knife from slipping while carving.

Detail Knife

Detail Jack®

The **Detail Jack®** can handle a variety of projects start to finish. Its single detail knife quickly removes wood from convex surfaces, while its fine point is perfect for detailing delicate areas. The Pistol Grip™ handle design is crafted from aerospace-grade aluminum and is ergonomically designed to allow a strong grip for long periods of carving with minimal hand fatigue.

There is a difference in Detail Blades. The JKN90 and JKN95 Detail Knives are more in a Wharnccliffe style. The JKN88 Detail Knife is more along the tip style of a Sheepfoot blade.

Tri-Jack Pro®

The **Tri-Jack Pro®** has three blades that lock in place — a roughing knife, a detail knife, and a mini-cutting knife. The roughing knife is great for modeling surfaces and creating texture, while the detail and cutting knives let you easily make the finest cuts. The Pistol Grip™ design minimizes hand fatigue and is made of aerospace-grade aluminum with a quarter-cut cherry inlay.

Whittlin' Jack®

Whittlin' Jack®

Designed for all outdoorsmen. Whittlin' Jack® features a 1-1/2" Detail Knife and a 2" Roughing Knife. It weighs in at just 3 ounces and is just over 4 inches long when closed, so it neatly fits in your pocket.

JKN88 - \$56.95

The ultimate for portability, whenever or wherever you have the time to whittle.

Blades on JKN88 Whittlin' Jack® do not lock in place.

Pocket Jack®

Pocket Jack® for Carvin'

This Flexcut jackknife is a streamlined version of our original Carvin' Jack®, the first folding multi-tool designed specifically for the needs of woodcarving. It weighs 3 ounces and has a closed length of 4-1/4". Includes: Detail Knife, Straight Gouge, Gouge Scorp and V- Scorp.

JKN89 - \$92.95

Pocket Jack® is the streamlined version of Carvin' Jack® with the same high-quality.

Carvin' Jack®

A complete carving kit in your pocket

The **Flexcut Carvin' Jack®** is the first folding multi-tool designed specifically for the needs of woodcarvers. At 3.5 ounces and a closed length of 4-1/4", each come with a leather belt mounted sheath.

Choose a right-handed knife if you are right-handed and carve with the blade towards yourself. If you carve away from yourself choose a left-handed knife. Left-handers should choose the inverse.

Right-handed Carvin' Jack® is the ultimate for portability, wherever or whenever you have time to carve.

JKN91 - \$160.95

Left-handed Carvin' Jack®

Knife should be chosen by how you carve, not necessarily by if you are right or left-handed.

JKNL91 - \$160.95

Hook Knife Radius: .875"

Each Carvin' Jack® includes a sheath and a custom SlipStrop for maintaining the sharpest possible edge.

Sheath

Hip Knife™ gets its name from the handy leather sheath that attaches easily to any belt. Its safe portability lets woodcarvers carve almost anywhere including on vacation, around the campfire, or just on the back porch. In other words, wherever you go, that's where you carve!
KN30 - \$31.95

Sloyd Knife Collection

Flexcut's **Sloyd Knife Collection** comes razor sharp and ready to use right out of the package. Like sloyd tools of traditional Swedish design, Flexcut's knives are tough, well-made tools. The core of the blades are made of high-carbon steel. This results in a very hard edge for superior edge retention. For added strength, the tang of each knife extends completely through the handle. The handles are beautifully made of conditioned Cherry hardwood and feature a brass ferrule for added strength and stability.

The **Sloyd Knife** is great for whittling, chip carving, marking, general woodworking and handicrafts. Each knife comes with a custom, 100% leather sheath featuring a built-in belt clip. The sheath's rugged stitching gives it a distinctive look and ensures long-lasting blade protection.

Overall length of our Sloyd Knife is 7-1/2" including its 2-7/8" blade.

Sloyd Hook Knives Perfect for Spoon and Bowl Carving

The **Double Bevel Sloyd Hook Knife** is ideal for carving spoons, bowls, ladles and other deep hollowed work. It features a double sided blade with a square, sharpened end.

Overall length of this knife is 8-1/2". Radius = .75"

Double Bevel Sloyd Hook Knife
KN51 - \$79.95

The **Single Bevel Sloyd Hook Knife** is perfect for forming the hollows of spoons and bowls. The deeply curved, single-edged blade is sharpened all the way to the pointed tip.

Overall length of this knife is 8". Radius = .5"

Single Bevel Sloyd Hook Knife
KN52 - \$74.95

Draw Knives and Scrapers

5" Draw Knife

Our draw knife has 5 inches of workable edge, which is designed to flex around contours where large amounts of stock need to be removed quickly. The tool can be flexed to accommodate concave or convex surfaces. Cuts can be made that conform more closely to the finished shape, taking less time to sand or scrape.

5" Draw Knife with sheath
KN16 - \$50.95

**Dual-Sided
Paddle Strop™**
PW16 - \$40.95

3" Draw Knife

This handy little draw knife was developed for fan carving and also works great for skinning bark and roughing off corners. It fits nicely into the tool box.

3" Draw Knife with sheath
KN25 - \$39.95

1" Draw Knife

This miniature draw knife is designed for hard-to-reach areas, where a pulling action is more conducive to efficient stock removal. The shank allows the cutting angle to be changed easily for contoured cuts.

1" Mini-Draw Knife
KN17 - \$31.95

Profile Scrapers

Remove any uneven surface or finish from your work without the use of sandpaper that costs money and creates airborne dust. Power handle included.

SK121 - \$53.95

Removes:

- Roughness on hand or power carving.
- Ripple marks from moulding operations.
- Excess glue in hard-to-reach areas.
- Unwanted paint or other finishes.

Knife Strop™

An 8" x 2" leather stropping surface designed for stropping and keeping your knife blades razor sharp. Simply strop your knife blade away from the cutting edge on both sides to maintain your factory edge. Clamp or handheld ability; Flat and sturdy construction. Includes a 1 oz. bar of Flexcut Gold Polishing Compound designed to adhere to the strop by rubbing the bar on the leather surface of the strop.

PW14 - \$15.95

Dual-Sided Paddle Strop™

This Dual-Sided Paddle Strop has a 10" x 3" stropping surface to keep your blades at peak performance. The rough leather surface is used in conjunction with Flexcut Gold Polishing Compound to remove hardened steels. Turn the paddle over to the smooth leather surface for a high-sheen, razor-sharp finish.

Perfect for Sharpening:

- All Flexcut Tools
- Draw Knives
- Large Knives
- Hand Planes
- Kitchen Cutlery
- Chisels
- Turning Tools
- Mallet Tools

PW16 - \$40.95

Flexcut Gold™ Polishing Compound

Flexcut Gold™ 6 oz. polishing compound has been specially formulated to apply to the strop like a crayon. Its blend of aluminum and titanium oxide abrasives provides a balance between aggressive removal of hardened tool steels and offers a high-sheen polish.

PW11 - \$9.95

Leather Power Strop

This handy tool fits into any power drill. Simply apply the included buffing compound to the leather wheel and let the drill do the work of bringing your edge up to a polished surface.

PWS10 - \$28.95

Deluxe Power Strop

The deluxe strop is identical to the standard PWS10 and contains an additional V-shaped leather wheel for buffing inside V-tools and gouges.

PWS20 - \$44.95
